Subject: How to Find Summer Food Meal Sites

FNS is making it easier for children, parents, and community leaders to find local summer meal sites near them. The *Summer Meal Site Locator* is a free, web-based application that features an easily-searchable map to help locate sites serving summer meals throughout the country.

The tool launches today at <http://www.fns.usda.gov/summerfoodrocks> in Spanish and English. Promotional materials highlighting this tool, and the National Hunger Hotline (1-866-3-Hungry [English] & 1-877-8-Hambre [Spanish]), are available at <http://www.fns.usda.gov/sfsp/raise-awareness>.

Anyone can use this map to find Summer Meal sites near them. To get started, type in a city, zip code or address. The tool will display the Summer Meal sites nearby. Just click on any blue dot to see where the site is located, when it is open, and contact information. Users can also access the link on mobile devices.
